Reason there are fewer than three comparable properties

I, the agent or agent's representative for the property offered for sale, did not take the sale price of three comparable properties into account in determining the estimated selling price for the property because I believe that fewer than three comparable properties were sold within the relevant period.

Explain the reason the agent or agent's representative believes that fewer than three comparable properties:

[Insert N/A if there were three comparable properties]

After reviewing recent comparable sales in the area, there are fewer than three properties that are sufficiently similar in terms of property type, features, condition and overall characteristics within the prescribed six-month period. The available unit sales do not share sufficiently similar attributes to the subject property, with the most relevant comparisons being properties of a different title type, including single-title houses.

Sale outcome

The sale price of the property must be included in this section within seven days after the unconditional sale of the property unless an application for an exemption is pending or an exemption has been granted.
