Reason there are fewer than three comparable properties

I, the agent or agent's representative for the property offered for sale, did not take the sale price of three comparable properties into account in determining the estimated selling price for the property because I believe that fewer than three comparable properties were sold within the relevant period.

Explain the reason the agent or agent's representative believes that fewer than three comparable properties:

[Insert N/A if there were three comparable properties]

No directly comparable sales were identified within a 2 km radius over the past six months. The closest relevant comparison was 2 Borola Court, Croydon North, which sold on 1 July 2026 for \$1,092,000. This property offers four bedrooms, two bathrooms and two car spaces on 916 m² of land. The property is very similar in standard, presentation and overall condition. However, it differs in being a double-story weatherboard home.
