Reason there are fewer than three comparable properties

I, the agent or agent's representative for the property offered for sale, did not take the sale price of three comparable properties into account in determining the estimated selling price for the property because I believe that fewer than three comparable properties were sold within the relevant period.

Explain the reason the agent or agent's representative believes that fewer than three comparable properties:

[Insert N/A if there were three comparable properties]

The estimated selling price of \$2,299,000–\$2,525,000 reflects our assessment of the property's approximately 23.23 hectares, location, land characteristics, existing residence and improvements, together with current market conditions and our experience selling acreage properties in the surrounding district. No sufficiently comparable sales have been identified within the relevant search area and period. In assessing suitability, consideration was given to land size, location, the standard and condition of the residence, and the nature and extent of improvements. The sales reviewed did not provide a sufficiently similar basis for direct comparison, and no qualifying comparable sales have therefore been included.

Sale outcome

The sale price of the property must be included in this section within seven days after the unconditional sale of the property unless an application for an exemption is pending or an exemption has been granted.
