Reason there are fewer than three comparable properties

☐

I, the agent or agent's representative for the property offered for sale, did not take the sale price of three comparable properties into account in determining the estimated selling price for the property because I believe that fewer than three comparable properties were sold within the relevant period.

Explain the reason the agent or agent's representative believes that fewer than three comparable properties:

[Insert N/A if there were three comparable properties]

The above three properties are the most comparable 3-bedroom, 2-bathroom, double garage townhouses, of similar size to this, sold in the last 6 months within a 2km radius. Of the three, one has been renovated and sold at a higher price, but has been used as reference to determine the estimated selling price of this property.

Sale outcome

The sale price of the property must be included in this section within seven days after the unconditional sale of the property unless an application for an exemption is pending or an exemption has been granted.
