Reason there are fewer than three comparable properties

I, the agent or agent's representative for the property offered for sale, did not take the sale price of three comparable properties into account in determining the estimated selling price for the property because I believe that fewer than three comparable properties were sold within the relevant period.

Explain the reason the agent or agent's representative believes that fewer than three comparable properties:

There are no directly comparable sales within the last 6 months and 2km radius due to the property's land size, unique configuration and condition. However, Lot 1/33–35 Charles Road, Lilydale was considered, although it features a more established dwelling on a smaller allotment. Additionally, 7–11 Charles Road, Lilydale was considered due to its similar condition and land value, despite having a larger, more dated dwelling on a slightly larger allotment. While neither property is directly comparable to 90 Mangans Road, Lilydale, both assisted in determining the agent's estimate.

Sale outcome

The sale price of the property must be included in this section within seven days after the unconditional sale of the property unless an application for an exemption is pending or an exemption has been granted.
