Reason there are fewer than three comparable properties

I, the agent or agent's representative for the property offered for sale, did not take the sale price of three comparable properties into account in determining the estimated selling price for the property because I believe that fewer than three comparable properties were sold within the relevant period.

Explain the reason the agent or agent's representative believes that fewer than three comparable properties:

The agent reasonably believes that fewer than three comparable properties have sold within two kilometres of 29 Budawang Way, Wollert in the last six months. Sale prices in Wollert depend heavily on build quality, fixtures and fittings, as well as location within the suburb. As a result, four bedroom, three bathroom sales cannot be treated as comparable on bedroom and bathroom count alone. In that period there have been no sales within a two kilometre radius of homes with a similar floorplan, a comparable standard of build and finish, and a comparable location.

Sale outcome

The sale price of the property must be included in this section within seven days after the unconditional sale of the property unless an application for an exemption is pending or an exemption has been granted.
