Reason there are fewer than three comparable properties

I, the agent or agent's representative for the property offered for sale, did not take the sale price of three comparable properties into account in determining the estimated selling price for the property because I believe that fewer than three comparable properties were sold within the relevant period.

Explain the reason the agent or agent's representative believes that fewer than three comparable properties:

No other sales within a 2km radius over the past six months were considered directly comparable. The only other potentially relevant sales were properties with a single bathroom, located within larger complexes or comprising double-storey homes. As these differed significantly from the subject property, they were excluded from the comparable sales assessment.

Sale outcome

The sale price of the property must be included in this section within seven days after the unconditional sale of the property unless an application for an exemption is pending or an exemption has been granted.
