Reason there are fewer than three comparable properties

I, the agent or agent's representative for the property offered for sale, did not take the sale price of three comparable properties into account in determining the estimated selling price for the property because I believe that fewer than three comparable properties were sold within the relevant period.

Explain the reason the agent or agent's representative believes that fewer than three comparable properties:

There have been no recent comparable sales identified that closely reflect both the floorplan configuration and renovated condition of 12 Wonga Road. The most relevant recent sale is 6 Tania Place, which offers a similar floorplan layout. However, the property is in unrenovated condition; A further sale for consideration is 69 Kubis Drive, Ringwood North, which shares a similar reverse-living configuration, with the kitchen situated on the upper level. However, the property does not feature an upstairs bedroom, and its internal presentation and condition are noticeably older.

Sale outcome

The sale price of the property must be included in this section within seven days after the unconditional sale of the property unless an application for an exemption is pending or an exemption has been granted.
