Reason there are fewer than three comparable properties

X **I, the agent or agent's representative for the property offered for sale, did not take the sale price of three comparable properties into account in determining the estimated selling price for the property because I believe that fewer than three comparable properties were sold within the relevant period.**

Explain the reason the agent or agent's representative believes that fewer than three comparable properties:

I Glen Coutinho, did not take the sale prices of three comparable properties into account when determining the estimated selling price, as I believe fewer than three genuinely comparable properties were sold within the relevant period. There have been no sales within the same building over the past six months, and no properties within a 2 km radius that offer a fair comparison. The subject building provides unique amenities and features that are not available in other nearby buildings. Additionally, recently sold apartments differ significantly in size, internal living space, number of bedrooms, bathrooms and car spaces. For these reasons, I was unable to identify three suitable comparable sales that would provide an accurate reflection of the property's estimated selling price.

Sale Outcome

The sale price of the property must be included in this section within seven days after the unconditional sale of the property unless an application for an exemption is pending or an exemption has been granted.
